Town of Islip Community Development Agency

I. Introduction and Statement of Purpose

The Town of Islip Community Development Agency ("The Agency") is soliciting proposals for an audit of its financial statements and tests of its internal control and compliance in accordance with Government Auditing Standards, issued by the Comptroller General of the United States, and as required by the U.S. Office of Management and Budget (OMB). This RFP is a solicitation to bid and not an offer of a contract.

The Agency will select the firm which will perform the audit and administer the contract.

The contract is for an annual independent audit of the Agency's financial records and procedures for each of the fiscal years ending June 30, 2019, June 30, 2020 and June 30, 2021.

II. Background

The Town of Islip Community Development Agency (the Agency) was organized in 1976 as a public benefit corporation under the Urban Renewal Law. The Agency is the successor to the Town of Islip Urban Renewal Agency, which was established in 1974. The Urban Renewal Law grants to the Agency broad community development and urban renewal powers, including residential rehabilitation and development, assisting financially with constructing, acquiring, rehabilitating and improving industrial and manufacturing plants and constructing municipal improvements. The Agency administers four grants from the U.S. Department of Housing and Urban Development, including the Community Development Block Grant (including program income), the HOME Investment Partnership Program, the Housing Opportunities for Persons with AIDS Program, and the Emergency Solutions Grant. The combined grants total approximately \$4,000,000.00. There are also occasional state, county and other funding sources.

The Board of Directors of the Agency is composed of a chairman and four directors, who are appointed by the Islip Town Board and serve five year terms. The Executive Director of the Agency is the chief executive officer and is appointed by the Agency Board.

The financial reporting entity includes functions and activities over which the Agency exercises oversight responsibility. Oversight responsibility is determined on the basis of financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters.

The Agency has offices at 15 Shore Lane, Bay Shore, New York 11706.

III. Scope of Audit

An examination of the Agency's financial statements should be made in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. It should also include a review and evaluation of the Agency's systems of accounts and business practices to determine their adequacy and compliance with applicable provisions of the Laws of the State of New York. The audit should also include recommendations of possible improvements and advice to the Agency as to accounting matters and records. Audit reports on the Agency's

financial statements for the last three fiscal years will be available to the successful bidder. The complete audit must be in conformity with all requirements of the U.S. Department of Housing and Urban Development, Office of Management and Budget, Generally Accepted Accounting Principles, and all applicable Governmental Accounting Standards Board Pronouncements.

Year-end Financial Statements and all required disclosures shall be drafted by the audit firm. Agency management and audit committee will then review the drafts for completeness and correctness and will assume responsibility for the financial statements.

IV. Audit Methods and Programs

The nature and extent of the work to be carried out in the examination of the Agency's financial statements will be determined by the auditors based on their review and evaluation of the business practices found. It will include such tests of the records and procedures as are deemed necessary including, as appropriate, the examination of supporting evidentiary material, the observation or written confirmation of selected assets, confirmation of certain liabilities and observations and discussion of operating practices. Statistical sampling and such other techniques deemed appropriate should be used to accomplish an effective and efficient audit.

V. Proposal Requirements

Bids should list the total inclusive cost for each year to be audited, excluding the expenses incurred in preparing and submitting this proposal. Payments will not exceed these amounts regardless of the actual costs incurred in completing the audits.

Bidders are requested to organize their proposals into the following components:

- * Direct hourly rates to be paid (by staff level and estimated hours to complete);
- * Other direct costs (e.g., travel, printing);
- * Overhead (including fringe benefits); and
- * Fixed fee

The suggested staff classifications to be presented are: partners, managers, seniors, staff accountants and specialists, as necessary.

Firms wishing to be considered for the audit engagement must submit a proposal to the Agency which contains, at a minimum, the following information.

- * A proposed audit plan describing the recommended technical approach, including tasks and projected timetables, to be used in performing the Town of Islip Community Development Agency audit.
- * A plan showing how the firm intends to manage its activities during the engagement.

- * A description of how the firm's personnel will be organized to perform the assignments.
- * An estimate of the total number of audit hours, broken down by level of staff and hours that would be committed to activities required by the Audit.
- * A thorough description of the firm, including staff capacity to undertake and successfully complete the project.
- * A description of the firm's policies on affirmative action, and any plans for minority-or women-owned businesses to participate as subcontractors.
- * A description of the firm's experience in auditing HUD Programs and how this experience will be applied to the Town of Islip Community Development Agency audit engagement. Names titles, addresses and telephone numbers of organizations and individuals who may be contacted for reference must be included.
- * The name and title of the individual to be designated as audit manager and other key personnel to be assigned.
- * The resumes of the audit manager and other key audit and management personnel that thoroughly describe relevant training and experience that would qualify them for this level of service, including several references from recent engagements for each person.

Each section of the proposal shall be presented in the order listed above, although the firm may present additional information it considers appropriate and pertinent.

VI. Selected Criteria

The selection of a Town of Islip Community Development Agency Independent Auditor will be based upon the following criteria:

- * The economy and feasibility of the cost proposal.
- * The firm's insight into and understanding of the audit to be performed, as reflected by the responsiveness, thoroughness, creativity, and feasibility of the firm's approach to the requirements set forth in this RFP.
- * Relevant experience and qualifications of personnel to be assigned to the audit.
- * The firm's demonstrated level of competence in the field of governmental accounting.
- * The adequacy of the firm's proposed management and staffing plan for the audit.
- * Practicality of proposed time schedules and work plans.
