## Fact Sheet for Homeownership Assistance Programs in the Town of Islip 2017

The Town of Islip Community Development Agency has been involved in providing affordable housing for over 30 years. Together with our non-profit partners, we have produced over 1,100 units of housing for first-time homebuyers.

1. **CDA Affordable Housing Program** - Dilapidated houses are acquired, fully renovated or reconstructed, and sold to moderate and middle income first-time homebuyers through lotteries. At least five houses are expected to be available in 2017/2018, and we anticipate holding one or more lotteries during the year. If you wish to receive a lottery application, please call (631) 665-1185, ext. 31. Leave your name, address and telephone number after the prompt. An official application with the current guidelines and procedures will be mailed to you.
2. **Non-Profit Housing Programs** - The CDA donates land and provides other grant assistance to local not-for-profit corporations who build new affordable housing for low and moderate income first-time homebuyers. Currently, we are partnering with the following three organizations:
  - a. **Habitat for Humanity of Suffolk** - Three to four houses are constructed on scattered sites in Islip each year at a reduced price through the use of volunteer labor and donated or discounted materials. For application availability and other information, call (631) 924-4966.
  - b. **Long Island Housing Partnership** - Homes are constructed on scattered sites in existing communities and as part of larger town home or condominium projects. Forty units of mixed-income condominium housing have been completed in Bay Shore. In addition, eight scattered site homes are expected to be constructed in 2017/2018. For more information and lottery applications, call (631) 435-4710.
  - c. **Central Islip Civic Council** - One home will be constructed on scattered sites in Central Islip in 2017 - 2018. For more information, including scheduling for the next lottery, call 631-348-0669.
3. **Employer Assisted Housing** - The Town of Islip has joined with other local governments throughout Nassau and Suffolk Counties to offer a program wherein employers and government work together to assist first-time homebuyers in meeting down-payment expenses by contributing up to \$17,000. There may also be funds available under this program for necessary home repairs.

Interested persons should ask their employer to call the Suffolk County Community Development Office at (631) 853-5705 for more details
